

Medical Mad Lib

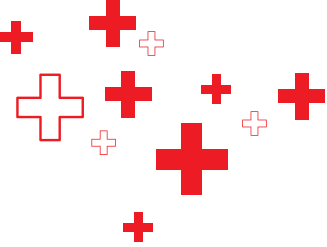

It was the day of the big operation and [1_____] was getting surgery to remove his/her [2_____]. The procedure was going to take [3_____] hours and was being performed by the best doctor in all of [4_____].

[1_____] went into surgery and was then put to sleep. The doctor picked up a [5_____] and made a/an [6_____] incision in [1_____]'s [7_____]. The doctor was surprised to find a small [8_____] inside and removed it quickly. Realizing this was the cause of [1_____]'s problems, the doctor decided they did not need to remove the [2_____] and instead added a small [9_____] to help it heal. After that, the doctor used very thin [10_____] to stitch [1_____] up.

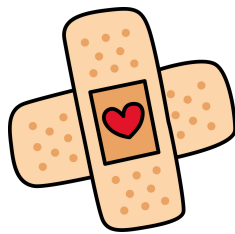

After [11_____] hours, [1_____] woke up on a [12_____] in the ward. The nurse came in and gave [1_____] a big glass of [13_____] and helped [1_____] [14_____] comfortably on the [12_____].

Just then [15_____] arrived holding a box of [16_____] and a balloon with a picture of a [17_____] on it and the words "[18_____]."

[1_____] was very [19_____], and as they left to go home, [1_____] was thankful knowing that he/she could get back to doing [20_____] in [21_____] months.
